Dear Mr. Baker;

Please accept this letter as acknowledgement of your request for continued suspension of the above listed mines. The usual length of a continued suspension has been limited to an additional two years. The Division will arrange an inspection of the Straight Creek Mine in the near future, however additional inspections of the other mine sites will be put off until the completion of the original two year suspension notice period. Further advisement regarding temporary suspension requirements will be forwarded to you as soon as possible. Would you please forward to us a copy of the transfer agreement between Energy Fuels Nuclear, Inc. and Minerals West (i.e., liability assumption for reclamation, etc.)? Based upon the last visit to the mine site, the Division will have to request that certain measures be taken by those responsible in the near future.

Thank you for your continued attention to these matters.

Sincerely,

THOMAS N. TETTING
ENGINEERING GEOLOGIST
